John Robert Stanley Fincham

Bibliography
John Robert Stanley Fincham—Bibliography

(3) 1950 Amination-deficient mutants of Neurospora. Heredity. 4, 270.
(9) 1955 A mechanism for inter-allele complementation. *Heredity.* 12, 343-364.
(33) 1957 On the nature of the glutamic dehydrogenase formed by inter-allelic complementation at the am locus of *Neurospora crassa*. *J. Gen. Microbiol.* 21, 600-611.

Fincham 2

(39) 1961 Purification of genetically determined glutamic dehydrogenase varieties. Heredity 17, 142.

(44) 1963 (With A. Coddington) Complementation at the am locus of Neurospora crassa; a reaction between different mutant forms of glutamate dehydrogenase. J. Mol. Biol. 6, 361-373.

(46) 1963 (With A. Coddington) Inter-allelic complementation in vitro through protein-protein interaction. Heredity 18, 381.

(49) 1963 (With J.A. Pateman) Partial revertants at the am locus in Neurospora crassa. Heredity 18, 382.

(58) 1965 Microbial and Molecular Genetics, English Universities Press, pp. 149 + x.

(67) 1967 (With B.J. Harrison) Instability at the pal locus of Antirrhinum majus. II. Multiple alleles produced by mutation of one original unstable allele. Heredity. 22, 211-224.
