A Protein Specific to Mitochondria from S-Type Male-Sterile Cytoplasm of Maize Encoded by an Episomal DNA. JC Manson, AD Liddell, CT Leaver, K Murray. EMBO J 5pp 2775-2780, 1986.

**Patents**

(129) (With Heinz Schaller) Recombinant DNA, hosts transformed with it and polypeptides produced by the hosts; processes for their preparation; detection processes using the polypeptides; compositions and means containing the polypeptides; DNA sequences. European Patent No. 0,013,823. Date of issue: 25 March 1987.

(130) Recombinant DNA molecules capable of expressing HBV core and surface antigens. USA Patent No. 4,710,463. Date of issue: 1 December 1987.
