

Michael Francis Addison Woodruff

Bibliography

Michael Francis Addison Woodruff—Bibliography

- (1) 1940 (With R. Douglas Wright) The diagnosis, incidence and treatment of avitaminosis A and D in obstructive jaundice. *Aust. N.Z. J. Surg.*, **10**, 135-145.
- (2) 1946 (With R.L.R. Sampimon) Some observations concerning the use of hypnosis as a substitute for anaesthesia. *Med. J. Aust.*, **1**, 393-395.
- (3) 1948 Intraperitoneal haemorrhage of unusual aetiology, with a report of two cases. *Brit. J. Surg.*, **35**, 311-313.
- (4) 1950 (With B. Forman) Evidence for the production of circulating antibodies by honografts of lymphoid tissue and skin. *Brit. J. exp. Path.*, **31**, 306-315.
- (5) 1950 (With Hazel G. Woodruff) The transplantation of normal tissues: with special reference to auto- and homotransplants of thyroid and spleen in the anterior chamber of the eye, and subcutaneously, in guinea-pigs. *Phil. Trans. B.*, **234**, 559-582.
- (6) 1951 Some impressions of medical schools in the U.S.A. *Zodiac*, **2**, 111-112.
- (7) 1951 The effect of antilymphocytic serum on circulating antibody levels. *J. Immunol.*, **67**, 57-62.
- (8) 1951 (With B. Forman) Effect of antilymphocytic serum on suspensions of lymphocytes in vitro. *Nature Lond.*, **168**, 35-36.
- (9) 1952 A new type of blood film for differential counts. *J. clin. Path.*, **5**, 108-110.
- (10) 1952 Spontaneous perforation of the large bowel. *Ann. Surg.*, **135**, 221-227.
- (11) 1952 Skin banks. *Lancet*, **2**, 779.
- (12) 1952 Hunterian Lecture - The transplantation of homologous tissue and its surgical applications. *Ann. R. Coll. Surg. Engl.*, **11**, 173-194.
- (13) 1952 John Hunter and the Hunterian tradition in surgery.
- (14) 1952 Surgical replacement therapy. *Postgrad. med. J.*, **28**, 534-539.
- (15) 1953 The effect of cortisone and thyrotrophin on auto- and homografts of thyroid tissue in guinea pigs. *Proc. Univ. Otago med. Sch.*, **31**, 9-10.
- (16) 1953 The university and surgery. *Lancet*, **2**, 1219-1222.
- (17) 1953 (With T.M. Allan) Blood groups and the homograft problem. *Brit. J. plast. Surg.*, **5**, 238-242.
- (18) 1953 (With Thelma Boswell) The effect of cortisone and ACTH on adrenal transplants in the rat. *J. Endocrin.*, **10**, 86-93.
- (19) 1953 A human blood group chimera. *Brit. med. J.*, **2**, 1103.
- (20) 1954 The effect of cortisone and thyrotrophin on thyroid transplants in the guinea-pig. *J. Endocrin.*, **11**, 1-6.
- (21) 1954 (With R.C. Nairn) Epithelioma complicating lupus vulgaris necessitating forequarter amputation. *Brit. J. Surg.*, **41**, 489-492.
- (22) 1954 The behaviour of skin homografts in normal and thyroidectomised rabbits. *Proc. Univ. Otago med. Sch.*, **32**, 15.
- (23) 1954 An unusual case of thrombophlebitis and a new type of venogram. *Aust. N.Z. J. Surg.*, **24**, 149-150.
- (24) 1954 (With L.O. Simpson) Induction of acquired tolerance to homologous tissue. *Proc. Univ. Otago med. Sch.*, **32**, 12-13.
- (25) 1954 (With Thelma Boswell) The effect of phenergan (promethazine hydrochloride) on homografts of skin and thyroid in the guinea-pig. *Brit. J. plast. Surg.*, **7**, 211-216.
- (26) 1954 The "critical period" of homografts. *Transpl. Bull.*, **1**, 221.
- (27) 1955 (With R.C. Nairn) "Paraffinoma" of the rectum. *Ann. Surg.*, **141**, 536-540.
- (28) 1955 (With L.O. Simpson) Experimental skin grafting in rats, with special reference to split skin grafts. *Plast. reconstr. Surg.*, **15**, 451-458.
- (29) 1955 (With J.G. Llaurodo) The effect of 9 alpha-halocortisols and prednisone on the survival of skin homografts in rabbits. *Proc. Univ. Otago med. Sch.*, **33**, 31-32.
- (30) 1955 (With J. Borrie) A technique for hypothermia in sheep. *Proc. Univ. Otago med. Sch.*, **33**, 33-34.
- (31) 1955 (With J.H. Stewart and R.D.H. Stewart) The storage of rat thyroid tissue at sub-zero temperatures. *Proc. Univ. Otago med. Sch.*, **33**, 26-27.
- (32) 1955 (With L.O. Simpson) Induction of tolerance to skin homografts in rats by injection of cells from the prospective donor soon after birth. *Brit. J. exp. Path.*, **36**, 494-499.
- (33) 1956 (With J.G. Llaurodo) The effect of systemic administration of fluoro and chloro-cortisol and prednisone, and local application of fluoro-cortisol, on skin homografts in rabbits. *Plast. reconstr. Surg.*, **18**, 251-259.
- (34) 1957 The effects of local hypothermia in increasing tolerance of the kidney to ischemia. *Transpl. Bull.*, **4**, 15-17.
- (35) 1957 Can tolerance to homologous skin be induced in the human infant at birth? *Transpl. Bull.*, **4**, 26-28.
- (36) 1957 Postpartum induction of tolerance to homologous skin in rats. *Ann. N.Y. Acad. Sci.*, **64**, 792-797.
- (37) 1956 Cellular and humoral factors in the immunity to skin homografts: experiments with a porous membrane. *Ann. N.Y. Acad. Sci.*, **64**, 1014-1026. (1957. *Abstr. Transpl. Bull.*, **3**, 74)
- (38) 1957 (With J.G. Llaurodo and V.T. Pearse) Corticoid replacement after adrenalectomy with special reference to the use of fluorohydrocortisone. *Aust. N.Z. J. Surg.*, **26**, 297-301.

- (39) 1957 (With J.G. Llauro) The stimulus to postoperative transient aldosteronism. *Proc. Univ. Otago med. Sch.*, **35**, 19-21.
- (40) 1957 (With J.G. Llauro) Postoperative transient aldosteronism. *Surgery*, **42**, 313-324.
- (41) 1957 The surgery of replacement. *J. R. Coll. Surg. Edinb.*, **3**, 19-25.
- (42) 1957 (With Margaret Sparrow) Further observations on the induction of tolerance of skin homografts in rats. *Transpl. Bull.*, **4**, 157-159.
- (43) 1957 Advances in Surgery. *Practitioner*, **179**, 364-368.
- (44) 1957 Transplantation immunity and the immunological problem of pregnancy. *Proc. roy. Soc. B.*, **148**, 68-75.
- (45) 1957 La tolerance immunologique et le problem clinique des homogreffes. In: *La Biologie des Homogreffes. Colloques Internationaux du Centre National de la Recherche Scientifique. Paris. No. 78*, pp. 261-271.
- (46) 1958 (With P.B. Medawar) The induction of tolerance by skin homografts on newborn rats. *Immunology*, **1**, 27-35.
- (47) 1959 (With Margaret Sparrow) Induction of tolerance to homografts of thyroid adrenal in rats. *Quart. J. exp. Physiol.*, **43**, 91-105.
- (48) 1958 Spezifische immunologische Toleranz. *Klin. Wschr.*, **36**, 245-254.
- (49) 1958 Surgical Science. *Univ. Edinb. J.*, **19**, 14-21.
- (50) 1958 (With J.G. Llauro) Some observations on the mechanism of postoperative transient aldosteronism with special reference early changes in serum electrolyte levels. *Surgery*, **43**, 787-794.
- (51) 1959 Evidence of adaptation in homografts of normal tissue. In: *Biological problems of grafting. Les Congres et Colloques de l'Universite de Liege*, **12**, 83-90.
- (52) 1959 (With B. Lennox) Reciprocal skin grafts in a pair of twins showing blood chimaerism. *Lancet*, **2**, 476-478.
- (53) 1959 (With N.F. Anderson, E.J. Delorme and D.C. Simpson) An improved technique for intravenous injection of newborn rats and mice. *Nature Lond.*, **184**, 1952-1953.
- (54) 1960 (With N.F. Anderson and E.J. Delorme) Induction of runt disease in rats by injection of thoracic duct lymphocytes at birth. *Transpl. Bull.*, **7**, 93-97.
- (55) 1960 Legal aspects of homografting. *Lancet*, **1**, 874.
- (56) 1960 The biological basis of individuality. *Res Medica*, **2**, 36-39.
- (57) 1960 Reconstruction of the ureter. *J. R. Coll. Surg. Edinb.*, **5**, 230-231.
- (58) 1961 The biological basis of individuality. *Med. Times*, **89**, 114-118.
- (59) 1961 The current status of organ transplantation in human beings. *Med. Times*, **89**, 133-138. (+ Panel Discussion)
- (60) 1961 New approaches to the treatment of cancer. *J. R. Coll. Surg. Edinb.*, **6**, 75-92.
- (61) 1961 Unsuccessful attempts to eliminate selectively clones of immunologically competent cells. *Transpl. Bull.*, **27**, 447-451.
- (62) 1961 (With J.S. Robson, J.A. Ross, B. Nolan and Anne T. Lamb) Transplantation of a kidney from an identical twin. *Lancet.*, **1**, 1245- 1249.
- (63) 1961 (With J.G. Howard) Effect of the graft-versus-host reaction on the immunological responsiveness of the mouse. *Proc. roy. Soc. B.*, **154**, 532-539,
- (64) 1961 (With D. Michie and Irmgard M. Zeiss) An investigation of immunological tolerance based on chimaera analysis. *Immunology*, **4**, 413-424.
- (65) 1961 (With B.Nolan) Intravenous replacement of human splenic tissue. *Lancet*, **2**, 689-690.
- (66) 1961 (With R.W. Reilly) Induction of tolerance of rat skin in new born mice. *Transpl. Bull.*, **28**, 39-42.
- (67) 1961 The outlook for transplantation of the kidney in man. *Proc.roy. Soc. Med.*, **54**, 1150-1153.
- (68) 1962 Renal transplantation: Effects of publicity. *Lancet*, **2**, 1221.
- (69) 1962 (With M. Fox, Karin A. Buckton and Patricia A. Jacobs) The recognition of human blood chimaeras. *Lancet*, **1**, 192-194.
- (70) 1962 (With J.S. Robson, R. McWhirter, B. Nolan, T.I. Wilson, Anne T. Lambie, Joan M. McWilliam and Mary K. MacDonald) Transplantation of a kidney from a brother to sister. *Brit. J. Urol.*, **34**, 3-14.
- (71) 1962 (With M.O. Symes) The significance of splenomegaly in tumour-bearing mice. *Brit. J. Cancer*, **16**, 120-130.
- (72) 1962 (With D. Michie) Induction of specific immunological tolerance of homografts in adult mice by sublethal irradiation and injection of donor-type spleen cells in high dosage. *Proc. roy. Soc. B.*, **156**, 280- 288.
- (73) 1962 Prolonged survival of skin homografts in adult mice following sub-lethal irradiation, injection of donor-strain spleen cells and administration of A-methopterin. *Nature, Lond.*, **195**, 727-728.
- (74) 1962 (With J.G. Howard and D. Michie) Transplantation tolerance and immunity in relation to age. In: *Ciba Foundation Symposium on "Transplantation"*. Ed. Wolstonalme, G.E.W. and Cameron, M.P. pp. 138-153. London: Churchill.
- (75) 1962 (With M.O. Symes) Evidence of loss of tumour-specific antigen on repeatedly transplanting a tumour in the strain of origin. *Brit. J. Cancer*, **16**, 484-488.

- (76) 1962 (With M.O. Symes) The use of immunologically competent cells in the treatment of cancer: Experiments with a transplantable mouse tumour. *Brit. J. Cancer*, **16**, 707-715.
- (77) 1963 Transplantation of the kidney. *Medical News*, January 4.
- (78) 1963 (With S. Shwartz) Blood vessel replacement with grafts prepared from atherosclerotic arteries. Observations on the behaviour of heterografts in dogs. *J. surg. Res.*, **3**, 12-20.
- (79) 1963 Discussion In: *Ciba Foundation Study Group No. 16. The Immunologically Competent Cell*, pp. 4-5. Eds G.B.W. Wolstenholme and Julie Knight). London: Churchill.
- (80) 1963 Medical ethics and controlled trials. *Brit. med. J.*, **1**, 1339.
- (81) 1963 (With J. Richmond, R.A. Cumming and K.W. Donald) A case of idiopathic thrombocytopenia and autoimmune haemolytic anaemia. *Lancet*, **2**, 125-128.
- (82) 1963 (With M.O. Symes and A.E. Stuart) The effect of rat spleen cells on two transplanted mouse tumours. *Brit. J. Cancer*, **17**, 320-327.
- (83) 1963 (With B. Nolan) Preliminary observations on treatment of advanced cancer by injection of allogeneic spleen cells. *Lancet*, **2**, 426-429.
- (84) 1963 (With J.S. Robson, B. Nolan, Anne T. Lambie, T.I. Wilson and J.G. Clark) Homotransplantation of the kidney in patients treated by preoperative local irradiation and postoperative administration of an anti-metabolite (Imuran) Report of six cases. *Lancet*, **2**, 675-682.
- (85) 1963 Therapeutic implications of recent developments in transplantation biology. *Proc. roy. Soc. Med.*, **56**, 940-944.
- (86) 1963 Surgical transplantation in theory and practice. *New Scientist*, 3rd October, pp. 12-13.
- (87) 1963 (With N.F. Anderson) Effect of lymphocyte depletion by thoracic duct fistula and administration of antilymphocytic serum on the survival of skin homografts in rats. *Nature Lond.*, **200**, 702.
- (88) 1963 (With M.O. Symes and N.F. Anderson) The effect of intraperitoneal injection of thoracic duct lymphocytes from normal and immunized rats in mice inoculated with the Landschutz ascites tumour. *Brit. J. Cancer*, **17**, 482-486.
- (89) 1964 The management of patients given whole-body irradiation or antimetabolites to promote the survival of a renal homotransplant. *Clin. Radiol.*, **15**, 30-34.
- (90) 1964 Immunity and the treatment of cancer. *Lancet*, **1**, 718-719.
- (91) 1964 Ethical problems in organ transplantation. *Brit. med. J.*, **1**, 1457-1460.
- (92) 1964 (With Miles Fox) Effect of whole body irradiation on the rate of increase of blood urea nitrogen following bilateral nephrectomy in rats and rabbits. *Nature, Lond.*, **202**, 918-919.
- (93) 1964 Immunological aspects of cancer. *Lancet*, **2**, 265-270.
- (94) 1964 Transplantation of the kidney in man. *Triangle*, **6**, 203-216.
- (95) 1964 (With N.F. Anderson) The effect of lymphocyte depletion by thoracic duct fistula and administration of antilymphocytic serum on the survival of skin homografts in rats *Ann. N.Y. Acad. Sci.*, **120**, 119-128.
- (96) 1965 (With J.L. Boak) Modified technique for collecting mouse thoracic duct lymph. *Nature, Lond.*, **205**, 396-397.
- (97) 1965 (With D.L. Stickel) Les souris de Nouvelle Zelande. *Rev. franc. Etud. clin. biol.*, **10**, 25-27.
- (98) 1965 (With J.L. Boak) Inhibitory effect of pro-immunized CBA spleen cells on transplants of A-strain mouse mammary carcinoma in (CBA x A) F1 hybrid recipients. *Brit. J. Cancer*, **19**, 411-417.
- (99) 1965 Specific immunological tolerance. *Lect. sci. Basis Med.*, 120-140.
- (100) 1965 Biological and clinical aspects of organ transplantation. *Brit. med. Bull.*, **21**, 176-180.
- (101) 1965 La transplantation renale chez l'homme. A propos de treize cas personnels. *Rev. ass. Med. Lang. franc.*, **1**, 104-112.
- (102) 1965 (With N.F. Anderson.) Anti-rat-lymphocyte plasma. *Lancet*, **2**, 238. (Letter to Lancet).
- (103) 1966 (With E.S. Lindsey and G.W.K. Donaldson) Erythrocyte survival in normal mice and in mice with autoimmune haemolytic anemia. *Clin. exp. Immunol.*, **1**, 85-98.
- (104) 1966 (With A. Doig, K.W. Donald and B. Nolan) Renal autotransplantation. *Lancet*, **1**, 433.
- (105) 1966 (With J.L. Boak) Inhibitory effect of injection of *C. parvum* on the growth of tumour transplants in isogenic hosts. *Brit. J. Cancer*, **20**, 345-355.
- (106) 1966 The one and the many. *Aust. J. exp. Biol. med. Sci.*, **44**, 1.
- (107) 1966 Letter to Editor. *Brit. med. J.*, **1**, 918.
- (108) 1966 Virus vaccine and antilymphocyte serum. *Lancet*, **1**, 980.
- (109) 1966 Letter to Editor. *Brit. med. J.*, **2**, 1070.
- (110) 1966 (With H.M. Abaza, B. Nolan and J.G. Watt) The effect of antilymphocytic serum on the survival of renal homotransplants in dogs. *Transplantation*, **4**, 618-632.
- (111) 1966 (With H.M. Abaza) In vitro assay of antilymphocytic serum. *Rev. franc. Etud. clin. biol.*, **11**, 821-827.
- (112) 1966 Experience with transplantation of the kidney in man. *Ann. roy. Coll. Surg. Engl.*, **39**, 178-183.
- (113) 1966 (With N.F. Anderson and H.M. Abaza) Experiments with antilymphocytic serum. In: *The Lymphocyte in Immunology and Haemopoiesis*. Ed. J.M. Yoffey. London: Edward Arnold. pp. 286-291.
